Lego Creators of all ages are invited to showcase their Lego creations at the Campbellsport Public Library during the month of February. Please drop off one or more of your creations during the last week of January and the first part of February so Library users can admire your handiwork. We have plenty of shelf space for small and large creations. When you bring in your creation(s) we would like to take your photo for our Facebook page and possibly the newspaper. Submitters will need to sign a release form and they will be asked to collect their Lego creations between February 23rd and March 1st.
